When the Returns Are All in They Will Probably Show a Total of 207 Persons Indicted.

Special Dispatch to the Standard.

COEUR D'ALENE, Sept. 2.—The United States district court met at 1 o'clock this afternoon and arraigned 10 prisoners, C. W. Bushnell and W. H. Frazier being added to the eight prisoners who were brought down a few days ago. Mr. Bushnell is under a \$5,000 bond to appear before United States Commissioner Hoffman and W. H. Frazier is under a \$5,000 bond to appear before the same official. They were both given until Wednesday to get bonds to appear before the district court here, they having been indicted by the grand jury. Their bonds will be \$2,500 each. Frank Ganahl gave the court notice that he appeared for C. W. Bushnell only, and Reddy & Hawley gave notice that they appeared for all the others.

The court then adjourned till 8:30 tomorrow morning, when the four prisoners who arrived tonight will be arraigned. The prisoners who were brought down tonight are Jack Wallace, Jack Glass, Joe Trainor, Frank Heyett, J. Harvey Harris. A deputy United States marshal left this morning with warrants for five prisoners, but was able to find only four.

Luddy, J. Lannon, John Leonard, James Lemon, John Murphy, John De Martin, J. J. Malley, Henry McCarthy, Mike McGowan, James McRade, J. D. McLeod, D. McPhee, J. McGree, C. McMillan, Jack Morton, Nels Nelson, Dan O'Neil, John Olson, William Parson, William Parks, Barney Riley, John Sweeney, D. Schultz, J. C. Sturgis, Jack Smith, Quinn Sullivan, C. Sinclair, J. FROM THE BOSS BAKERS.  
They Give Their Version of the Doe Mixers' Trouble.

BUTTE, Sept. 2.—A communication was sent to the STANDARD today from the boss bakers of this city, replying to a card published by the Bakers' union. It states that if the union men will confine themselves to the truth in making statements to the public, the bosses are willing to state their side of the affair.

The letter says:  
When their demand was presented to us it was not denied them by any boss in a single instance as is being stated by the union. At the time we were to give up at 10 o'clock, so we could hold a meeting and get up our own union. But the reply was: "We want to have it signed right away," which, of course, was impossible. Another word of warning, it seems they want a strike. At last they refused to come to work, and tried to do us all the damage they could in running around to customers and trying to make them believe they would be boycotted by all bakers if they would sign on patronizing us.

Their very action, going out to strike a word or the knowledge of the highest tribunal of all labor organizations, the Trades and Labor assembly, composed of intelligent representatives of all unions, shows plainly what the sequence of a boycott inaugurated by them will be. Any man who has a little reason and common sense knows that it is always far better to keep any difficulty that may arise in a peaceable way, and more especially if there is no opposition shown at all, than to try and enforce his will by force without even the sanction of those who are supposed to support him in his actions. As far as their demand, it is but a trifle more than what they have had up to this time in most of the shops, and the opposition to that on our part was very weak, and we are satisfied that it would have been settled long ago had it not been for their stubborn action. We have asked the Trades and Labor assembly to investigate the matter, and whether their demand is any more than that time there can be no question of a boycott.

CHRISTIAN ENDEAVOR.  
Young People of the Congregational Church Organize for Work.

BUTTE, Sept. 2.—On Tuesday evening there was an enthusiastic gathering of young people in the Congregational church for the purpose of organizing a Y. P. S. of C. E. The meeting was called to order by Rev. Mr. Holp. After devotional exercises the model constitution of the Y. P. S. of C. E. was read and adopted, and the society then proceeded to the election of officers, which resulted as follows: President, C. J. Franklin; vice president, Mrs. A. M. Armitage; recording secretary, Miss Lillian Evans; corresponding secretary, Miss Nellie Terry; treasurer, Miss Mary Bennett.

The new society, while the youngest in the state, will at once locate its place as one of the strongest as it enters upon its work with an active membership numbering 24. The names of the charter members are as follows: C. J. Franklin, Walter Truener, E. G. Gabriel, B. E. McKnight, W. L. Richardson, L. A. Holt, Albert Armitage, T. J. McKnight, B. C. Grupe, Mrs. A. M. Armitage, Miss Lillian Johnson, Miss Mary Bennett, Lizzie Evans, Clara Williams, Jessie Spencer, Mary Lewis, Lizzie Bennett, Margaret Bell, Douglas Pollock, Annie Richards, Mollie Thompson, Lizzie Hall, Nell C. Terry and Mary Reese.

Among the incidents of childhood that stand out in bold relief, as our memory reverts to the days when we were young, none are more prominent than severe sickness. The young mother vividly remembers that it was Chamberlain's Cough Remedy cured her of croup, and in turn administered it to her own offspring and always with the best results. For sale by all leading druggists.

## BUTTE'S YOUNG DEMOCRATS.

Completing Arrangements for the Trip to Great Falls.

BUTTE, Sept. 2.—At a special meeting of the Young Men's Democratic club the committee on arrangements for the trip to the Great Falls convention reported that the railroad company asked \$1,000 for a special train or a guarantee of 100 passengers. The company was not prepared to say whether the club could take as many as they wanted to after paying \$1,000 for the train, and so the committee was granted further time until Tuesday evening to get a definite answer from the railroad company. The regular fare will not be more than one fare for the round trip. The committee also reported that it was understood that the Anaconda and Deer Lodge delegation would come to Butte and go from here. In regard to music, one hand offered to furnish 19 pieces for 14 a day each and expenses. Will Clark stated that it had been announced for the Great Falls people that they would bear a portion of the expense in employing the Boston & Montana band. The committee on speakers reported that an effort had been made to secure Judge Kirkpatrick for tonight, but that he refused. W. A. Clark was asked, but he could not come owing to other engagements.

H. C. Grupe, M. S. Davidson, Henry Waiseman, Lee Scullinger, Joseph Peron, Charles Swanson, T. H. Shriver, Louis Schmidt, Simon Marks, P. McDonald, F. E. W. Patton, T. J. Brennan and J. Mounir, were received into membership, and they and a number of others paid their dollar initiation fee.

The leader of the Cotton & Montana band was present and wanted a definite answer as to whether the club wanted his musicians or not. Dr. Schultz stated that he for one would agree to pay the salary and expenses of one member of the band and thought at least 18 others should be willing to do likewise. Chairman Haggerty said at least 250 democrats would go from Butte and the expenses of music could probably be raised, but the club itself is already deeply indebted and as for the central committee it has not a cent on hand and still owes considerable on the last campaign. Dr. Schultz stated that he was informed at the last meeting that a "bar" was to be opened, but from Chairman Haggerty's statement it was evident that the opening in the "bar" was small and the flow was a great deal smaller. A well-loaded young member of the club attempted to sing "A Man of Destiny," when the lights were turned out and the club adjourned.

## A Good Thing to Keep at Hand.

From the Troy, Kansas, Chief.

Some years ago we were very much subject to severe spells of cholera morbus, and now when we feel any of the symptoms that usually precede that ailment, such as sickness at the stomach, diarrhoea, etc., we become scared. We have found Chamberlain's Colic, Cholera and Diarrhoea Remedy the very thing to straighten one out in such cases, and always keep it about. We are not writing this for a pay testimonial, but to let our readers know what is a good thing to keep handy in the house. For sale by all leading druggists.

## NEW SAPPHIRE FIELDS

Fine Gems Found in Great Numbers on Rock Creek.

## THE PROSPECTORS IN LUCK

While Looking for Gold They Find Rubies and Sapphires—Rich Placer Ground.

M. H. Bryan, sr. of Phillipsburg went out prospecting about two or three weeks ago and by chance he wandered up the west fork of Rock creek and began prospecting for placer gold near the surveyed line of the Butte, Anaconda & Pacific railway. In the bottom of each pan of dirt the old gentleman noticed several bright little stones and, having several little grand children, he concluded to save a few of the largest and prettiest of them for the little ones to play with. He saved a small bottle full and when he returned home he handed the bottle to one of his sons with the remark that the stones were Montana sapphires with a few rubies and diamonds mixed in for good measure. Jeweller Whalen was called upon and after a close examination he pronounced them just what Mr. Bryan had so innocently and playfully said they were. Mr. Bryan located several acres of placer ground and says that he can find fine colors from the glass roots, but has not yet prospected bed rock, where he expects much greater things.

An old prospector came to Anaconda today from that section and he gives it as his opinion that there is good digging there, and says that while all of the sapphires so far found are small they can be found in abundance. Several parties from Granite have already hauled in some lumber and are preparing to ground sluice as rapidly as possible.

## RICH PLACER GROUND.

Activity Promised in Washington and American Gulches.

From the Silver State.  
J. P. Rains and W. F. Shanley returned Saturday from Washington and American gulches, where the Butte & Deer Lodge Placer Mining company are operating as a close corporation. The company held a meeting for the transaction of some unfinished business and to make further arrangements for future developments. While on the ground considerable prospecting was done, aside from the developments made this season, the natural consequence of operation. There are about 15 men now at work under the direction of Julian Smith, and every "bean up" this season has been entirely satisfactory. At present the pay streak is more than 200 feet wide. Several pans of dirt were washed out from different points across the pay streak and the result was from 5 cents to \$1.25 to the pan. Every member of the company is well pleased and arrangements are going forth by which the coming season will eclipse all others in the old camp.

## Coal Near Castle.

From the Castle Reporter.  
It is now practically demonstrated that some of the finest bodies of coal to be found in the state lie within a few miles of Castle. A vein of about five feet is exposed three miles south of town. About 12 miles east a vein of 16 inches is opened at the surface. Sixteen miles south Hensley, Rhodes & Co. have a vein now 12 feet thick, and further south are several locations owned by Bozeman parties. The coal field extends for 25 or 30 miles, and the quality of the product is pronounced by experts to equal, if not exceed, any other found in Montana. The surveyed railroad lines run within a short distance of the mines.
